Organizer Italian Pavilion:

UNIVERSAL MARKETING

The Italian Pavilion at PRODEXPO Moscow 2015 (Pavilion 2 – Hall 3) is organized by Universal Marketing, an international trade fair organizer that promotes major worldwide events throughout Italy.

Italy has managed to keep strong regional identity in its gastronomy: each company is proud of displaying its own specialities, which explains why Italian cooking is still based on the richness of its typical products and the variety of its specialities.

Universal Marketing and the Italian exhibitors will be glad to welcome all visitors!
