STI EXPO IN THE FRAMEWORK OF THE TECHNOPROM FORUM

INTERNATIONAL EXHIBITION
STI EXPO
SCIENCE TECHNOLOGY INNOVATION

STI EXPO is the successor of Technoprom, which is held annually in the Novosibirsk Expo Centre.

The exhibition's concept was first approved by Act of the Government of the Russian Federation (Order dated October 4, 2016. No. 7517p-P22)

The main purpose of the exhibition is to foster the Russian economy's global economic leadership by presenting the breakthrough results in the scientific, scientific and technical, and innovative sphere and to facilitate the implementation thereof.

OBJECTIVES OF THE STI EXPO

- To present breakthrough technologies of the scientific, scientific and technical and innovative sphere;
- To facilitate investment in scientific, technological and innovative projects;
- To stimulate the demand for products, technologies and innovations presented at the exhibition;
- To support the commercialization of the exhibited products, technologies and solutions.

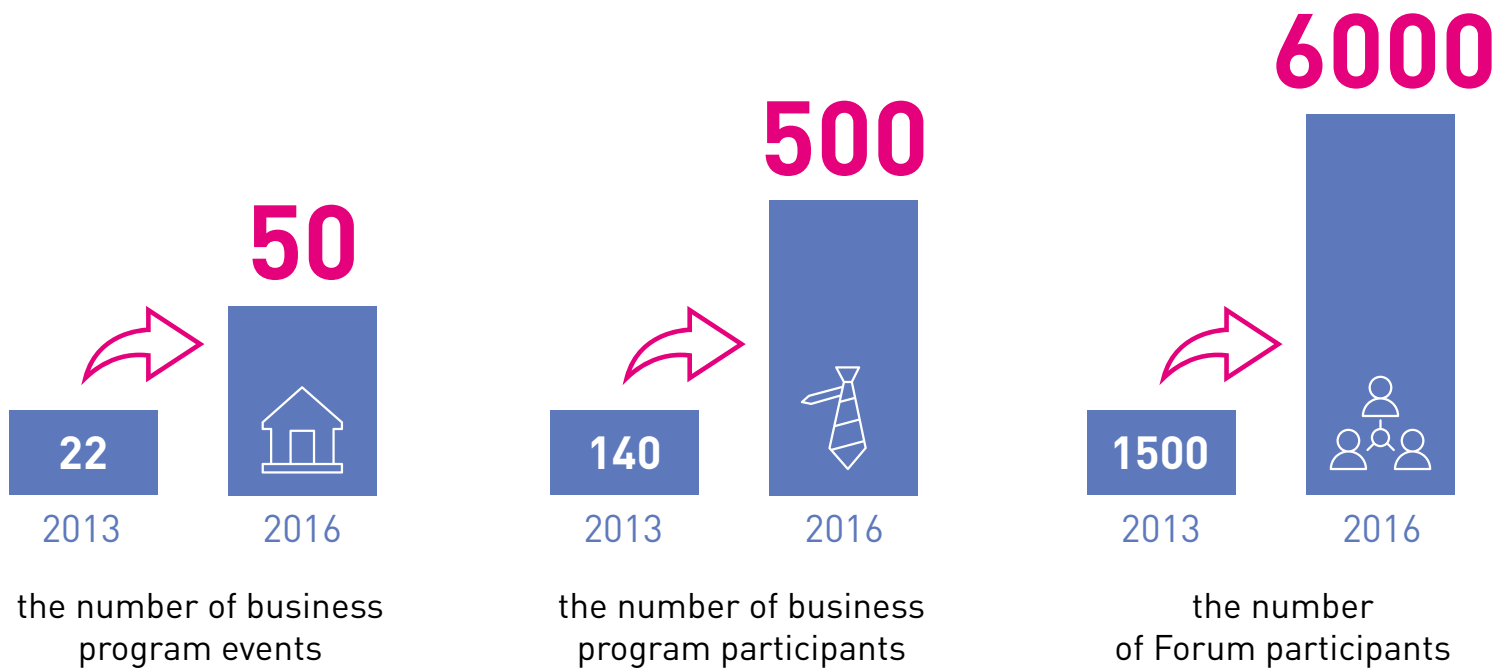

” I am confident that together we can strengthen Russia’s position among the global technology leaders.
